## EXPERIENCE

---

### Tutor (Game Theory, Microeconomics, Probability and Statistics)

2024

*University of Oxford, Queen's College Oxford, Hertford College Oxford*

*Oxford, United Kingdom*

- I have delivered tutorials for an advanced undergraduate course in Game Theory, and have helped to review and update the notes for the course.
- I am delivering first and second year undergraduate tutorials in microeconomics and probability and statistics.

### Political Economy Summer School TA

2022, 2023

*University of Oxford*

*Oxford, United Kingdom*

- Worked alongside Professor Jean-Paul Carvalho to develop and deliver five one-hour classes to complement a summer school course in political economy attended by prospective graduate students, current graduate students, and professionals. The classes included theory, empirical work, computational modelling, and a research ideas session.

### Research Assistant

2022

*University of Warwick/University of Tel Aviv*

*Coventry, United Kingdom and Tel Aviv, Israel*

- Worked alongside Professor Jacob Glazer on developing a theoretical framework for understanding and improving patient allocation in the presence of tele-health services.
- Helped categorise data and proofread an experimental paper by Jacob Glazer and Ariel Rubenstein (paper found [here](#)).

### Analyst

2020 – 2021

*Frontier Economics*

*London, United Kingdom*

## CURRENT PROJECTS

---

### Ideology as Misspecified Models

### Political Influence through Microtargeting
